## **PROP HOUSE ETIQUETTE**

## **Top 10 Rules Everyone Should Follow**

- **AVOID L & D:** Handle Props & Set Dressing with care, picking up, returning or shipping. You can never have too many furniture pads or tie-downs.
- **Don't Over Tag Items:** Be decisive, tag only what you need.
- PAPERWORK: You won't be able to pick up your order or wrap out the job without proper paperwork and payment: PO, Release Form, Insurance Cert, Deposit & Rental Checks, etc.
- Pick Up & Returns: When dates change, let the Rental Houses know.
- **Product Placement Is Not A Free Gift:** Items should be returned in the same condition as when they were picked up.
- **6** Cleared Art Rentals: Ask before assuming the artwork is cleared.
- **Business Hours:** Call First. Rental Houses often change the times they are open, or have different hours for the facility and loading dock.
- **Production Rentals:** Each Rental House has their own specifics for production rentals, don't assume they are all the same.
- Be Respectful: Loading Dock & Sales People aren't your personal assistants.
- Dress Appropriately: Flip-Flops are not OSHA Approved.
